The Master of Physician Assistant Studies program requires a series of prerequisite classes to prepare you for the program's coursework. Prerequisite coursework must be at a level for science majors and be completed with a grade of 'C' or higher. Chemistry and biology course work should be completed within 7 years of matriculation.

Statement of intended completion:

I _____ (student) confirm that all incomplete courses will be completed with a grade of 'C' or higher by December prior to the start of scheduled matriculation. Failure to do so will result in retraction of acceptance into the Franklin College Physician Assistant Program.
